## Swiss Post Solutions Limited the new name for MailSource UK

News Release – 03.07.09

MailSource UK changed its name to Swiss Post Solutions Limited on 1<sup>st</sup> July 2009.

The change represents a closer association with MailSource UK's parent company, Swiss Post, and is part of a long-term global 'one-brand strategy' for all of the latter's subsidiaries.

Swiss Post Solutions Limited is an independent subsidiary of the Swiss Post, and a leading provider of document solutions for a portfolio of blue chip companies with operations across Europe, the USA, Middle East and Asia. The Swiss Post Solutions division of Swiss Post provides document, dialogue and e-Business solutions to enable companies to manage their customer interaction effectively and to optimise back-office functions along the document lifecycle.

MailSource UK was established in 2002 and has evolved from being the UK's leading mailroom provider to an integrated document management outsourcing specialist with an international reputation. The Company has expanded rapidly through a combination of organic growth and acquisition.

In April 2008, the Company acquired document processor, Graphic Data, and has recently secured a contract on behalf of Swiss Post to deliver integrated document management for Zurich Financial Services in six European countries. MailSource UK has experienced a threefold increase in turnover since 2004, with profits increasing well above this rate.

Commenting on the re-brand Jonathan King, CEO, Swiss Post Document Solutions Group UK, said:

*"The re-brand to Swiss Post Solutions Limited is key to our strategic focus for the Company going forward. The added depth and strength we will gain from the Swiss Post brand will benefit our existing clients and help us in our plans to grow in our key global markets."*
